

Company Profile

NOAPARA GROUP

About Noapara Group

The group starts its business in 1985, in the name & style Noapara Traders (NT) as its mother concern. The main assignment of the house was trading of food grains, Chemical Fertilizer and Ordinary Portland Cement (OPC). Having market reputation and fantastic relationship with financing agencies, entrepreneurs decided to set up a cement factory with the then updated technology. After successful completion & well equipped market position of Cement, management decided to set up a NPKS (Mixed Fertilizer) factory. In the meantime the firm diversify its activities into a new arena of marketing chemical fertilizer, sugar wheat etc. in huge quantity, within next 20 years the house became the market leader in the field of importing & manufacturing of cement & fertilizer. Meanwhile we formed a Group named "Noapara Group". In last few years we are involved in business with countries like USA, Lebanon, Saudia Arabia, Tunisia, Belarush, Australia, Russia, Great Britain, Thailand, China, Vietnam India etc.

Users satisfaction.
Priority in social responsibility.
To reach in hub of the farmers.

Objectives

Match with updated technical know how, with a view to improve product quality. Develop business ethics through the concept of corporate governance. Quality product with minimum cost.

Management's Message

Chairman

It is an immense pleasure to express my gratitude to our valued customers and patrons. I never fail to thank to those who are in from our dewdrops of water to till date to form a group named "Noapara Group". Our business is now diversified from import to manufacture. "Noapara Group" is now manufacturing quality cement and using latest state of the art technology in producing NPKS fertilizer. Our main motto is to enhance the development of agriculture sector.

Bangladesh is densely populated area but their facilities in good seeds, crops keeping processes, good fertilizer availability is not enough. Our Group is trying heart and soul to meet the above mentioned things.

We believe that our two products- quality cement & quality fertilizer NPKS will fulfill human's two basic demands- food and shelter. Besides we are importing food grain & others important fertilizer.

We are always for the people and only think to impart in country development. Lastly we thank our clients and patrons for their continuous support with our quality products & Services.

In Bangladesh Pharmaceutical sector is the core of healthcare sector which is contributing the second largest revenue to the country's economy. "CONCORD Pharmaceuticals Ltd." is determined to manufacture high quality health care products that improve the quality of life of people.

We belief in "Better Medicine Better life" which contributes towards the growth of a healthy Nation.

Mr. Md. Faizur Rahman Bokul
